

Dear Rabbi Mori,

We are aware of the Yeshiva's policy forbidding video capable devices in the Yeshiva. We will not be bringing/sending any such device, be it laptops, DVD players, PSP's, Video iPods, MP4's, iPhones, iTouch, video capable Blackberrys, or any electronic device that has the ability to play movies or provide video media. We understand that disregarding this policy will mean that the device will be sent home at our expense, and that the \$100 security deposit will be forfeited.

Sincerely yours,
